

My dear Miss Jefferson

I thought I should have seen you last night, as Miss Daskwood told me she expected you; it was to mention a Ball given by Monsieur Laborde, the same company is to be there, as was at Mrs. Coultts, and as you was ill at that time, could not go, I hope you will be well enough for this, I do not exactly know when it is to be, but I believe next Monday, I will send you word the moment it is fixed. I go the beginning of next Week to my Uncles to be with my Sister for a Month or six Weeks. I hope you are quite well, and that little Polly is getting better. every body here desire their love, and that they wish much for your return. Believe me

My dear Miss Jefferson most sincerely yrs
